This closet organizer project can help any closet reach its full, uncluttered potential. It has compartments for suits and jackets, long coats and dresses, shirts and blouses, pants, hats and shoes, plus four drawers for socks and other smaller items. Built primarily from particle board, the project is easy to set up and take down.

The closet organizer can be customized to fit a closet of almost any size; the center unit measures 78 inches tall by 36 inches wide by 20 inches deep.
