## MVquest

**Where are you from, and how would you describe your life growing up ?**

I'm from Albuquerque, New Mexico. I'm one of six children, so money was tight growing up but with that many siblings there was never a dull moment.

**What do you like best about being a model?**  
Getting to play dress-up!!

**Besides modeling what is the most important thing in your life ?**

My family is number one in my life; modeling actually comes second to them.

**What do you think is the most challenging thing about modeling and what advice would you give to new models ?**

I think maintaining one's self confidence is the most challenging because you will receive far more "No's" than "Yes's," and it's a learning curve to not take it personally. My advice is to remember you can't have "the right look" for every job; just focus and capitalize on your qualities that set you apart.

**What is your favorite way to relax ? What do you do for fun ?**

Watching a movie on the couch, in slippers with a glass of wine.... For fun I love taking my Harley on long road trips.

**You look amazing. What do you recommend for those wanting to keep in shape?**

Aww, thank you! Get a trainer for 3-6 months to learn technique and tailor a routine to your needs. After that – you got this!!!

**What do you think is the sexiest thing about a man?**

Confidence – hands down.

**Anything about your heritage, ethnicity, or nationality that you feel people would like to know ?**

Probably not, haha...I'm a European potpourri – and a descendent of The Bruce (you know, the bad guy on Braveheart).

**Please share something about yourself that may surprise others. What is the most adventurous thing you have ever done ?**

People are usually surprised to learn that I'm a grandmother. Most adventurous was moving to San Francisco by myself at 18 to model.

**Guys want to know, what do you normally sleep in?**

Just a men's white undershirt... you guys have all the comfy stuff!!

**What are your dreams and goals and ambitions?**

My dream is to be on the cover of a magazine at the grocery checkout. My goal is to fight this aging thing long enough to fulfill my dream lol.

**If you were in a magical machine that could transport you to any place and time imaginable, where would you love to be? Why?**

I would transport to Hollywood in 1955 to meet Marilyn Monroe.

**Are you a naughty girl, or a nice girl ;) ?**

Well that all depends on the topic now doesn't it :)

**DISCLAIMER : SMOKING IS INJURIOUS TO HEALTH. IT CAUSES CANCER.**

**Please share a guilty pleasure with us. Your naughtiest fantasy ?**

My guilty pleasure is that occasionally when I'm a little tipsy I like a cigar. The only naughty fantasy I'm willing to share is to swim in a vat of chocolate...mmmmm.

**What's one thing about yourself that everyone should know ?**

I'm a great shot with both my 9mm and .38 Special and have a concealed carry license.

**Do you have any favorite quotes that you would like to share ?**

Imperfection is beauty, madness is genius and it's better to be absolutely ridiculous than absolutely boring.

Give a girl the right shoes, and she can conquer the world.~ Marilyn Monroe

How and With whom you are celebrating this Valentine's Day? Fancy dinner out with my man and a good Cabernet

**Is there anything else you would like to share with our readers ?**

→ **Your family background:**

Hungarian father, Italian/Welsh mother; still married. One older sister.

→ **How they help you in modeling career ?**

I was scouted at 14 in a mall; my Dad took me to shoots and jobs, protecting me and helping me work while I was in school. I watched both of my parents work hard and work smart; that was a great influence for both my modeling career, and everything else I've ever done.

→ **Any special childhood prank or memory:**

At 12, my breasts started to develop...I was terrified and curious, as most young girls are. One was growing a little faster than the other (nothing one could see, more just what one could feel). I was worried something was wrong with me, so I asked my older sister (who already had developed) if that was normal? She answered that it was because women get any range of number of breasts, perhaps 2 but perhaps only 1 or perhaps 6...and that I wouldn't know what I'd end up with for a year or more. I was horrified, and she stuck with the prank for months as I panicked about having a set of 6 boobs. Lovely.

→ **Educational qualification:**

MBA

PHOTOGRAPHY : LEAH KANDO

→ **How you became a model, how did you experience the first job you did as a model?**

I was a teenager on a runway, modeling for Levi's jeans in a mall. I loved it! The creativity of all involved, the frenetic nature of a fashion show, the clothes...I was hooked. I had to switch to commercial and print, since I didn't end up growing tall enough to work in high fashion/editorial, but it was a blast.

→ **Why did you choose this line ?**

I've always also been in school and/or had other jobs, so I didn't ONLY choose modeling. But I do this because it's a fun way to be around fashion (which I love) and work with creative types (which aren't in my other life activities)...and honestly, I do it because I can. As a maturing woman, I'm still in demand in front of the camera, and I love showing that there's beauty in more stages in life than just 17 year olds.

→ **Your inspiration:**

Cindy Crawford. No question.

→ **Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck:**

#1: hard work. #2: the right looks. #3: luck.

PHOTOGRAPHY : LEAH KANDO

→ **What's been the best moment of your life?**

Graduating from undergrad at Berkeley. Still the hardest thing I've ever done, getting through that school. It was awesome, but I still have nightmares about how tough it was. Was thrilled to be finished!

→ **What would want in the afterlife ?**

To be able to feel inner peace.

→ **If not modeling, what would you have done ?**

I do what else I want to do besides modeling; I'm a pilot. Love that just as much, though it couldn't possibly be more different.

→ **Wild dream:**

To own a Gulfstream 650.

→ **Hidden fear:**

slightly ajar doors

→ **Hidden talent:**

I can fold my tongue into a 3-leaf clover. It's really odd and useless, but there you go.

PHOTOGRAPHY : LEAH KANDO

MODELZ VIEW FEB 2017

→ **What is the sexiest part of your body?**  
Probably my ass. Decent, for a white girl...haha.

→ **Your first kiss ?**

8th grade boyfriend, massively awkward. We're still friends today!

→ **First crush/love ?**

A cocky bad-boy soccer player in my freshman year of high school. Learned a lot about what I DON'T want, from that guy. We are not still friends, today. LOL.

→ **Define LOVE in your words:**

Wanting the best for that person, selflessly. Real love isn't about ego or possession...it's about openness and generosity of spirit.

→ **Message for youth n freshers in this line?**

Work hard, always have integrity, and weed out the bad folks and stay close to the good. This business can be tough, but with effort and time it gets great.

I love it! It's awesome to have someone show the inner thoughts and lives of models, not just the hot pics. I think the world is interested in models for more than just the photos...people wonder about them, the business, the work, etc. I think it's great that your magazine showcases more than just photography, fleshing out models as real humans. Not something I've seen elsewhere.
