★BREAKING NEWS

They may be at a news desk, but Claire Danes and Jimmy Fallon look more like they're on a kids' TV show! The pair – plus actor JK Simmons in the background – play news anchors who can't stop cracking jokes, for a *Tonight Show* sketch.

★SIGN LANGUAGE

Looks like these guys scored the 'fun' table! Justin Timberlake, *Orange Is The New Black*'s Danielle Brooks and Adrienne C Moore and *Community*'s Yvette Nicole Brown have an interesting way of ordering drinks at the *Variety Awards Nominees Brunch* in West Hollywood.

*'You could say

When it comes to axe throwing, Jason Momoa reckons he's better at it after a Guinness. We'll stand well back! He shows off his, er, chops as he heads to *Jimmy Kimmel Live* to talk about his Netflix series *Frontier*.

SPLIT DECISION

If anyone's going to be at *US Harper's Bazaar's* 150 Most Fashionable Women party, it's Kendall Jenner and Miranda Kerr. The leggy ladies practise posing at the party in LA. They're naturals, of course!

Now that's what we call a close shave

'I actually hooked up with Robbie Williams'

No, no – not me! But that was the shock confession from one NW-ette (cough, Penny!) when we played "You might not know this about me..." at a recent staff bash.

Cue jaws dropping and fits of squeals as we all pestered her for the details of her pash with the singer during his '90s Take That days in London.

But Penny's not the only celeb-pasher in our midst. Another anonymous NW-ette has made out with Jamiroquai frontman Jay Kay and Jonny Lee Miller (yep, Ange's ex, so she's basically kissed Brad Pitt!), a former colleague got friendly with a young Simon Baker, while another mystery minx got up close and personal with a local reality star in the toilets at a party – and ended up in the papers. Oh my!

While sadly I can't report any fresh hook-ups this week, the stars have given us enough surprises to fill five issues over the last few days. Bey's twin-stagram broke the internet and Kylie's split news broke our hearts, while Lord Disick keeps on breaking all the rules.

Enjoy the issue,

Ms DD-Generes will see you now...

Jamie Dornan – aka Christian Grey – got a taste of his own kinky medicine on *The Ellen DeGeneres Show* last week. But instead of using whips and chains like in his new flick *Fifty Shades Darker*, Ellen went to work on him with a sharpener, stapler, staple remover and scissors! Jamie was a good sport about it, too, even letting the talk show host – who wore giant prosthetic breasts in the three-minute spoof – sticky-tape him to the bed! Not quite the sex tape we had in mind, Jamie...

Grammys love-fest

SEL & THE WEEKND'S BIG DEBUT!

Sorry, haters, but this is obviously more than just a weekend fling!

They spent last week flaunting their new romance all over Italy, but Selena Gomez and The Weeknd are gearing up to make their debut as a couple – at this week's Grammy Awards!

Yep, given he'll be headlining the music industry's night of nights, The Weeknd – aka Abel Tesfaye – has laid down the law, telling organisers he wants his girl by his side. And he's already had his people RSVP and confirm Sel as his plus-one for Clive Davis's pre-Grammys party on Friday!

As for the awards ceremony, while Sel was already tipped to attend, organisers hadn't seated the lovebirds near each other.

But that was quickly changed, with The Weeknd, 26, "putting in a request" with the show's producers to move the *Hands To Myself* singer closer to him.

However, it seems Sel, 24, and The Weeknd's decision to make the night all about them has other stars running for the Hollywood Hills!

Yep, with Kanye West, 39, already skipping the event – despite being nominated for eight awards – we hear the rest of the Kardashian-Jenner klan will be a collective no-show, too.

Why? Their loyalty lies with The Weeknd's ex Bella Hadid, 20, so they don't want to be seen near Sel.

The same goes for Selena's ex Justin Bieber, 22, who's said to be boycotting Sunday's ceremony because he thinks it's become irrelevant to young musos.

But it seems he's just trying to avoid an awkward run-in with his ex after making a not-so-subtle diss aimed at her new love.

"That s**t's wack," he said of The Weeknd's music last month.

And Sel's BFF Taylor Swift, 27, doesn't approve either, so don't expect her to make an appearance!

Not that music's latest It-couple is at all fazed.

"Selena and Abel couldn't care less," our insider says. "They're so into each other, they probably won't even notice who is or isn't there!"

TAY STAYS AWAY!

With her squad by her side, Tay took home three awards at last year's Grammys. This year? Not one nom! And insiders say she's likely to be a no-show like Ye and Biebs.

Insta official!

Sel and The Weeknd shared snaps of each other in Italy.

GEORGIA & LEE – SHOCK SPLIT?

There could be trouble in paradise for *The Bachelorette*'s Georgia Love, 27, and Lee Elliott, 36. Last week, eagle-eyed fans noticed Lee had deleted her name from his Insty bio and that their gushy couple posts had slowed to a trickle, as Georgia spends more time with her mates than with her man. While Lee played down the talk split, he didn't explain why he removed Georgia's name...

KARLIE BANS TAY & TRUMP TALK

Karlie Kloss has sparked speculation Taylor Swift's famous squad is no more after cancelling an interview with *Sunrise* last week, as they wouldn't agree to her request not to ask questions about the singer, 27. The model's four-year relationship with Josh Kushner, 31, was also strictly off limits,

which some say is because his brother Jared is US President Donald Trump's son-in-law and new senior advisor.

SIENNA: 'I REGRET MY PARTY DAYS'

She was one of the most talked-about It-girls of the early noughties, but Sienna Miller reckons tumbling out of nightclubs seriously hurt her career!

"I probably could've had all that I'm experiencing now [earlier in my career] if I'd been savvy and smarter,"

admits the actress, 35. "But I just wanted to have fun and not taper my behaviour in any way." VOLO!

KYLIE KICKS 'CHEATING' JOSH OUT!

Just days after she gushed about her upcoming nuptials, Kylie Minogue has called off her engagement to Joshua Sasse, 29, and thrown him out of her West London home over his too-close-for-comfort relationship with his *No Tomorrow* co-star, Spanish actress Marta Milans, 34.

"[Kylie] is devastated... Totally heartbroken," a source tells *The Sun* newspaper. "She believed he was The One. But she no longer trusts him."

Sources say the couple – who got engaged last February after meeting in 2015 – also had a number of explosive rows last month, which contributed to Kylie, 48, pulling the plug. Our hearts break for you, Kys!

BETHENNY'S EX ARRESTED!

Jason denies Beth's claims

Talk about frightening! More than four years after their split, Bethenny Frankel's businessman ex-husband Jason Hoppy has been arrested and charged with stalking and harassing *The Real Housewives Of New York City* star!

A police spokesperson confirms Jason was detained on January 27 after he turned up at their six-year-old daughter Bryn's Manhattan school and threatened Bethenny.

"I will destroy you," Jason, 46, reportedly screamed at the reality star. "You've been warned."

But Bethenny, 46, says the abuse began long before the schoolyard incident, with Jason allegedly making unwanted contact "numerous times via email and FaceTime".

"I have cried enough tears to fill the Hudson River," she said last year. "How could this go on for so long?"

But the nightmare could be over – for a while at least – with Beth filing a restraining order requiring Jason to stay away from her home, business and their daughter's school for six months.

Beth first filed complaints against Jason in November last year

Cara's crisis

TORN BETWEEN TWO LOVERS!

They've been inseparable lately, with fans spotting them on a string of flirty dates, but Cara Delevingne is struggling to make her romance with Amber Heard, 30, official. And it's all because she's not completely over her ex St Vincent!

Yep, the former flames were seen visiting an art gallery together recently, and an insider reveals that Cara, 24, is torn between old love and new.

"She's having so much fun with Amber," says an insider of the pair, who first sparked dating rumours just weeks after Cara split from St Vincent, real name Annie Clark, in October. "But she misses the stability that she had with Annie during their relationship."

Indeed, Cara and Annie, 34, dated for a year-and-a-half and were so serious about each other there was talk of marriage!

"That's something Cara's always craved," adds the source. "She loves both of them, but she knows she'll have to choose."

The way they were

"I'm completely in love," Cara (centre) said of Annie (left) last August.

Chrissy & John

'WE'RE HAVING A BOY!'

They're smitten with their adorbs daughter Luna, nine months, so it's only natural that Chrissy Teigen and John Legend want to expand their brood.

"A little boy is next, for sure," Chrissy, 31, revealed last month. Cuuute! But it seems we'll have to wait a little longer for a mini Legend, with the model

clarifying that she's not pregnant just yet, but they will be using IVF for their second bub. "I said our next baby would be a boy because that is the embryo we have left," Chrissy tweeted.

Still, whispers are growing that she and John, 38, are getting ready to implant the embryo in the coming weeks... Yay!

Social slam

AZEALIA DOES A NUMBER ON RI!

Azealia Banks and Rihanna's simmering feud has turned into an all-out war, with the outspoken rapper sharing Ri's digits on social media. Nasty! "Bombs away!" Azealia, 25, wrote next to the now-deleted post on Instagram, after she

became enraged with an anti-Donald Trump tweet Rihanna, 28, had posted.

RiRi returned the, er, favour by posting Azealia's number.

"lol yesterday was such a mess. I had fun though,"

Azealia later wrote on Insty after their phones were disconnected.

Doesn't sound like fun to us...

'Whenever we've come up against tough times, we know each other better than anybody knows us so we talk,' says David. Aw!

SKYE'S SURGERY OBSESSION

It seems Skye Wheatley, 22, just can't stop, won't stop getting work done. The former *Big Brother* star sparked more surgery talk last week after posting a pic of herself looking almost unrecognisable. Although she claimed on *The Project* that she's only "had my boobs, my nose and my lips

[done]", many think she's had a butt job, too. "That's a rumour. I can assure you," she insists. Belfies don't lie, Skye!

MIMI'S BREAK-UP BALLAD

Mariah Carey's claws are out for her ex-fiancé James Packer, 49. The diva dropped her epic break-up ballad *I Don't* last week, which has the Aussie billionaire's name written all over it! "Cause when you love someone, you just don't treat them bad," Mimi, 46, sings.

"Probably think I'm coming back, but I don't." Want some ice for that burn, James?

SEEDY ROBIN'S SEX ORGIES REVEALED!

Robin Thicke has been outed as a cheater by his ex-wife Paula Patton. With the pair fighting over custody of their son Julian, six, Paula, 41, claims that as well as finding the *Blurred Lines* singer, 39, in bed with two women after the 2013 MTV VMAs, she once walked in on him throwing "a manicure and pedicure party for six naked women in our family home". Family goals

"I think they love him!" Vic captioned this cute family snap.

Brangelina may have crashed and burned, but our other fave power couple are still going strong!

Indeed, 20 years after they first started dating, David Beckham revealed last week that he and wife Victoria, 42, had recently renewed their vows.

And it was much more understated than their OTT nuptials back in July 1999, which featured those unforgettable matching thrones!

"It was a lot more private, about six people there in our house," the soccer stud said of the intimate ceremony.

We're guessing sons Brooklyn, 17,

Romeo, 14, Cruz, 11, and daughter Harper, five, were four of those guests?!

But despite being in a good place now, the father-of-four says their marriage has certainly faced some rocky patches (ahem, that rumoured affair with Rebecca Loos, Becks?).

"Of course you make mistakes over the years, and we all know marriage is difficult at times. It's about working through it," David, 41, says.

"We know each other better than anybody... We stay together because we love each other, because we have four amazing children."

But Becks can still remember the days when it was just him and his girl, reminiscing, "We used to sit in a... car park and, you know, kiss, of course, and spend time together."

Ah, to be young and in love!

'He loves Australia and he really loves Cherry,' spills a close pal

Ed-over-heels!

HIS SECRET AUSSIE PROPOSAL

The ginger ninja gets down on bended knee!

He's in town this week to perform some super-exclusive gigs in Sydney and Melbourne, but we hear Ed Sheeran also plans to use his time Down Under to propose to his long-time girlfriend Cherry Seaborn!

"He's so ready to take the next step with Cherry and couldn't think of a better place to ask her to marry him than Australia," says a friend.

Indeed, Ed, 25, recently gushed that accountant Cherry, 24 – who he first met in high school – has totally changed his life since they started dating almost two years ago, adding that they became inseparable during his recent year-long break from music.

"We were basically like, 'Let's both quit our jobs and let's have a year off forming a tight bond and a relationship,'" he revealed last month. "So we went travelling and spent every day for a year together."

Meanwhile, the pal says Ed's nearest and dearest have been expecting an engagement announcement for weeks now, given he can't stop banging on about how loved-up they are.

"This has been the first time I've ever actually had the time to fall in love properly," he says, even admitting that he's "ready" to be a dad.

In the meantime, though, the couple are happy raising their fur babies.

"I'm really secure now – we live together and we have cats, and I think when you have cats, that's kind of it," he says.

Just ask her already, mate!

BODY OF WORK

As well as spending time with Cherry during his year off, Ed racked up over 40 hours in the tattoo chair, bringing his ink tally to 60!

IS MEL B'S HUBBY CHEATING?

This isn't the first time her man's thought to have strayed!

While Mel B was busy performing in *Chicago* on Broadway last week, her husband Stephen Belafonte was hard at work, too – chatting up a pretty brunette! “He was holding her hand and really vibing her,” an onlooker says of the pair, who were spotted cuddling outside New York celeb hot spot STK on January 30.

As for Mel, 41, she tried to downplay the flirt-fest, sharing a smoochy snap of her and Stephen, 41, with the hashtag #bitcheswishtheyhadthis.

But it's hardly the first time their nine-year marriage has been rocked by scandal. In 2014, Stephen denied similar claims, insisting, “I wasn't cheating... There was no girl involved”. And then there are those rumours that they have an open marriage...

Quickies!

LADY-BITS LAWSUIT: JOANNA VS BRANDI

Former *Real Housewives Of Miami* star Joanna Krupa has been ordered to hand over five years of gynaecological records in her defamation lawsuit against fellow Housewife Brandi Glanville, 44. Yep, Joanna, 37, is seeking \$2.6 million in damages over Brandi's 2013 claims that her “pu**y smelled” like “bad sushi” and that she had an affair with Mohamed Hadid – allegations Joanna says are untrue and caused her emotional distress.

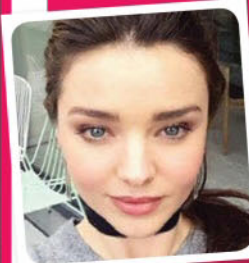

Meanwhile, Jo's been granted permission to dig into Brandi's financial records to determine her fortune.

MIRANDA TELLS: 'KATY'S FAMILY NOW'

Miranda Kerr has revealed she's perfectly fine with her ex-hubby Orlando Bloom's new girlfriend Katy Perry playing stepmum to their son Flynn, six. “They're great [together]. They get along really well,” the supermodel, 33, says of Flynn's relationship with Katy, 32. Proving just how friendly exes can

be, Miranda even insists that Orly, 40, feels like a “brother”, adding, “We're a modern family.” Clearly!

UMA'S CUSTODY BATTLE VICTORY

After a nasty eight-day court hearing with her estranged ex Arpad Busson, Uma Thurman has been granted primary custody of their daughter Luna, four. “It's a wonderful thing to have closure,” Uma, 46, said on January 24, while Arki, 54, will receive monthly visitation rights. So will they be able to get

along for Luna's sake? “Hope springs eternal,” Uma says.

'Hello... it's me, your father'

ADELE'S DADDY DRAMZ

Her father Marc Evans abandoned her when she was just two, but it seems Adele has a standby dad if she ever needs one!

Yep, Turkish musician Mehmet Asar has made the bizarre claim that he fathered the singer during a holiday romance with her mum Penny Adkins while she was on vacay in Bodrum, Turkey in 1987 – roughly nine months before she gave birth to Adele, now 28.

“I can even take a DNA test if Adele wants,” Mehmet declared. “I do not have any particular expectation... I just want my daughter to know the truth.”

And while Mehmet's claims seem cray-cray at best, Adele did once say, “My family... are Turkish, Spanish and English.”

So perhaps it's not such a load of Istanbul after all...

Kourt's devastated over her partner's sleazy hook-ups... 'He'll never change'

He's been putting in more family time with their three kids and pleading with his wary babymamma Kourtney Kardashian to give things another shot for months now.

But as they say, a leopard can't change its spots – and bad-boy Scott Disick was back to his womanising ways on January 30, enjoying a public Miami Beach make-out sesh with model Jessica Harris, 25.

"It was full-on... Their legs were wrapped around one another and Scott's hands were all over her body," one

onlooker says of the pair's pool-based PDA at The Setai hotel.

And if that steamy display wasn't disrespectful enough to Kourt, we hear Scott also left the Kardashian family holiday in Costa Rica after getting into a huge fight with the klan – over him secretly flying a girl there and putting her up in a hotel!

But these latest hook-ups could be the last Scott, 33, enjoys for a while, as NW has exclusively learnt of shock claims he could be facing a stint in the slammer for his wild behaviour and drug use!

"Before Scott went to rehab in 2015, he was out of his mind

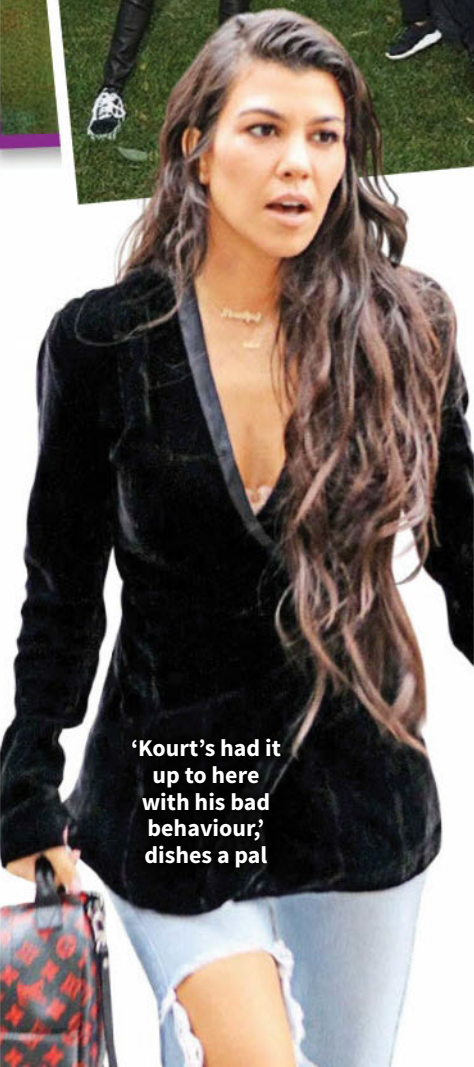

most of the time, partying with strangers and hooking up with girls he'd just met. It's possible he unknowingly slept with an underage girl," the insider says.

"People are even whispering that he's got a secret stash of sex tapes and a lot of them he shot without permission. If it's true and the police can prove it, it could mean sex-offender charges.

"Of course, Scott has denied everything, claiming someone's just out to get him."

It's not the first time Scott's been linked to jailbait. As well as his too-close-for-comfort relationship with Kylie Jenner, 19, when she was still underage,

US OK! mag claimed he slept with teen model Lindsay Vreckovnik in 2015 and may have got the then-18-year-old pregnant!

While she denied the claims, there was no disputing footage that emerged in July 2015 of a wasted-looking Scott cutting loose at a drug-fuelled party with teenage girls, believed to be aged between 16 and 18.

And according to Radar Online, many of the girls later joined him back at his suite at the Boca Beach Club Resort.

The shock claims couldn't come at a worse time for poor Kourt, 37. Just days before his Miami Beach flings, she and The Lord

– who have been showing signs for weeks that they're serious about giving things another go – had been playing happy families with their kids Mason, seven, Penelope, four, and Reign, two, in Costa Rica.

But it didn't take a genius to decipher Kourt's recent Insty post, "Tell me how to love, it's been so long."

Yep, Scott had let her down once again.

"They have a great time when things are going well... but Scott never fails to leave [her] and the kids to indulge in his own selfish behaviours," another US source says. "She feels stuck in this terribly unhealthy cycle."

But if rumours of an accidental pregnancy are to be believed, it sounds like Scott still has further to slide!

"He's freaking out that it's his baby," says our insider. "He often forgets to use protection."

Time to cut him loose for good, Kourt! ■

Miley's told friends she's nervous about her first pregnancy. 'It's all happening so fast!' one pal confides

Miley & Lia

13 weeks WITH TW

He's happily played uncle to his tribe of adorbs nieces and nephews for years, but Liam Hemsworth's made no secret of the fact he's always wanted kids of his own.

"I'm sure one day I will go down that road and it will feel right," he told NW early last year of his fatherhood dreams.

Well, crack open the beers, mate, because it looks like that day has arrived!

NW has exclusively learnt that the Aussie hunk and his fiancée Miley Cyrus are finally expecting their own bundle of joy. Or should that be bundles?

Yep, a source close to Miley's mum Tish got the goss straight from the horse's mouth – they're having twins!

"To say they were shocked to hear [they are expecting

twins] would be an understatement," says the insider, who has known Miley and Liam for years. "But sure enough there were two heartbeats on the ultrasound when they went in for their 13-week check-up."

Um, this is huge!

And, according to a separate friend, everyone's shopping for blue, with the pal saying Miley's been referring to them as "her boys".

Of course, twins aren't exactly a surprise for this fam, with Liam's big brother Chris welcoming sons Tristan and Sasha with his wife Elsa Pataky, 40, back in 2014.

But it's nonetheless the happy ending they all wanted for the on-off lovebirds.

"Liam and Miley have been through so much over the last few years, but they know now that they're going to be together forever," continues the insider. "They can't wait to start their family." Aw!

Just don't expect Miley to debut her bump Beyonce-style at the Grammys this weekend. The pal says Miley is "nervous" about it being her first pregnancy and is already in full-on nesting mode.

Yep, usually preferring a clean vegan diet, the *Wrecking Ball* singer, 24, has been indulging in pizza, spaghetti, lollies and just about any other comfort food she can get her hands on!

She's also been breaking out, which medical experts say is common in the first trimester of pregnancy due to an increase in hormone levels.

"Is this too obvious that I'm trying to hide something... #newyears pimples," Miley captioned one Instagram shot of herself attempting to cover her spots with star-shaped stickers. Nice try, mamma!

been spending so much time together of late – they've been practically inseparable!

The families celebrated New Year's Eve together in San Diego, after which Liam's folks Leonie and Craig stayed with him and Miley in Malibu for most of January.

Hmm... Helping get the nursery all set up, guys?

Liam also posted a sweet Instagram tribute to his dad during their trip, captioning it, "The man. The myth. The legend."

Yep, someone's clearly got fatherhood on the brain!

"Everyone is over the moon about the baby news," our insider continues, adding that the grandparents-to-be are "already giving Liam and Miley advice on all things kids".

Not that they'll need much, with Miley's future sister-in-law Samantha revealing that her kids Holly, Ella, Harper and Alexandre have long called the twerker "Auntie Miley" and that she's a natural with them!

"She plays with [them]. She loves our kids," says Sam, who's married to Liam's eldest brother Luke, 36.

As for the couple's parenting styles, it sounds like Miley might be playing bad cop to Liam's good cop!

"Sometimes I hear kids with their parents and I want to go over and, like, smack them myself," she once said.

Liam, 26, on the other hand, is way more chill, with Chris, 33, revealing that he even lets his nieces paint his nails. Our ovaries!

"I'm the kind of guy who just lets [kids] do whatever they want," admits the *Hunger Games* hunk.

"I like to come in and when the kids are happy I will hang out with them but as soon as there's... you know, crying or poop... I'm out!"

We don't blame you, fella –especially when there'll soon be twice the amount of dirty nappies for you to deal with! ■

Tellingly, Miley's been wearing baggy clothes, devouring comfort food and even laying off her beloved weed!

THE NAME GAME!

According to the pal, Miley and Liam are already squabbling over baby names! "She wants a total hippie rock god name, like Iggy or Bowie," the insider reveals, "while he likes surfer names like Bodhi and Phoenix." Well, since they have two little dudes to name, looks like they'll each get their pick!

The signs were there!

#1 All the cravings

What health kick? The only thing on Miley's mind is carbs – and lots of them! "Yummmmy!!!!" she captioned a pic of her scoffing spaghetti earlier this month, before tackling a pizza a few days later.

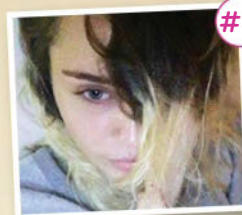

#2 Breakouts

Hormones seem to be wreaking havoc on her complexion. "I deserve it," the singer captioned one recent pimply post. "Too much pizza. Not enough water." Sure!

#3 Bye-bye dye!

Despite long-held myths, dyeing your hair while pregnant isn't believed to have any nasty effects on the bub. But it seems hippie Miley's going natural just in case!

#4 Fur babies

OK, so it's not exactly a sign – we just wanted a cute pic of dogs! – but we gotta say Miley's already a great mamma to her fur family. "Mommy's little monstaaaaaz," she captioned this pic of her beloved pooches.

'I think my daughter needs some company. I love being a big sister,' Bey said soon after Blue's first birthday

'Everything I know about being a mother comes from the examples [my mother] has shown,' Bey says

Some say Bey's Insty reveal again proves those wild theories she's a member of the Illuminati – from her triangle body shape to the Feb 1 release date (1 and 2 are prime numbers, which are “worshipped” by the Illuminati when setting dates for events)

Bey & Jay's twin surprise

'We're having one of each!'

Five years on from welcoming daughter Blue on January 7, 2012, Bey and Jay are getting their big-family dream!

Queen Bey makes an epic bump reveal as Blue gets set for two siblings!

Little Blue Ivy Carter's been begging her parents Beyoncé and Jay Z for a big sister for a while now, and she's finally getting her wish – twice over!

Yep, after sparking stork talk when she debuted an unmistakable bump in an online teaser video for her new Ivy Park clothing line, Bey took to Instagram on February 1 to confirm the big news – she and Jay are expecting twins!

What's more, the singer is thought to be as far as five months along...

"We would like to share our love and happiness," Bey, 35, captioned the beautiful shot of her cradling her bump. "We have been blessed two times over. We are incredibly grateful that our family will be growing by two, and we thank you for your well wishes."

It was hard to top that first bump reveal on stage at the 2011 MTV VMAs, when Bey popped open her jacket and rubbed her belly to let the world know she was pregnant with daughter Blue, now five.

But her twin announcement on Instagram sent the world into a frenzy, shattering Selena Gomez's record for most liked pic ever, with nine million likes and counting!

And the next day, Bey shared even more stunning pregnancy pics on her website in a series called *I Have Three Hearts*.

It includes a naked shot of her holding her bump and pics of

Blue kissing her future siblings. So adorbs!

Indeed, an insider tells *NW* that she and Jay are "ecstatic" over the news, especially because they've gone to hell and back trying for another baby since Blue's birth in 2012.

"They decided IVF was the best route to take, so Bey started the painstaking process last summer," the pal says.

"She was hormonal like crazy and her mood swings were every which way, but it was so worth it."

And Bey and Jay, 47, aren't the only ones eager to meet the new Bey-bies – according to our insider, Blue can't wait for her siblings to arrive. And we hear that she'll be getting a little brother *and* sister! Bey's choice of pink and blue lingerie is said to have been a not-so-subtle hint.

OH BEY-BIES!

Bey's gorge pregnancy announcement pic quickly became the most liked Instagram post of all time! Within eight hours, it had racked up a record 6.4 million likes, and 339,000-odd comments. Rita Ora – Jay's ex-protege and rumoured "Becky" – was one of the first celebs to send their congrats, writing, "YAY!!!!!! sooooo beautiful!!!!!" Awkies!

Pharrell's happy triplet news!

Pharrell Williams may have just produced his biggest hit yet – triplets! Last week it was revealed the singer, 43, and his wife Helen LaSichan, 36, welcomed two boys and a girl in early January with his rep confirming, "The family is happy and healthy!" The couple have yet to announce names but given their eight-year-old son is called Rocket, they're bound to be something, er, fun!

“They chose one female and one male embryo, because Jay’s always wanted a son and Bey wanted Blue to have a little sister just like she did,” the source adds. “It couldn’t be more perfect.”

The couple have long been rumoured to have considered IVF for their longed-for second child, having struggled to conceive for years before Bey fell pregnant with Blue in 2011.

Earlier, the star had suffered a devastating miscarriage, admitting, “It was the saddest thing I’ve ever been through.”

But Bey never gave up hope of having a big brood, and is wasting no time preparing for the double delivery later this year!

“They’re already discussing names – they like Celestine for

their little girl to honour her mum Tina’s full name, or Pia after sister Solange’s middle name,” our insider says.

“Their son’s likely to be named Shawn after his daddy.”

Meanwhile, the couple’s A-list pals are just as thrilled.

“So excited about this news!!!! Congratulations to you @Beyonce and my big brother Jay!!!!” RiRi, 28, wrote on Insty, while pal Nicki Minaj, 34, said, “Dear Blue, you are going to make an AMAZING big sister.”

Mariah Carey, who has twins Moroccan and Monroe, also wrote, “I’m so happy for you both. Having twins is the most incredible experience ever!”

One celeb who didn’t send well wishes? Bey’s well-known

frenemy, Kim Kardashian, who was tweeting up a storm on the day... just not to Bey!

“[She] did not say one word about it on [her] social media,” a source told *Radar Online*. “The fact that Beyonce is going to have more kids than Kim absolutely drives Kim nuts!”

But if you think pregnancy is going to slow Bey down, think again! She’s set to perform at the Grammys, where she’s the most nominated singer there, for her album *Lemonade*.

“She announced it this way before Grammy fittings and rehearsals, as she knew it would get out,” says a pal. “Now she can get ready and perform without all the attention going to this.”

Can’t stop the Queen! ■

Bey's news came just hours after Kim and Kanye announced plans for a kids' clothing line. No wonder Kimmy's pissed - LOL!

Soz Kimmy, but Bey just broke the internet!

It wouldn't be a big celeb moment without the LOL-worthy memes! Our fave? Bey's rival Kim shocked by the twin news and trying to top it. #believable

'Some of Ange's friends think she settled for Brad after being rejected by Jared,' a pal dishes of their previous fling

BUSTED!

Ange and Jared were spotted on a date at Chateau Marmont

Brad who? Ange was in great spirits throughout dinner

Ange & Jared's **Secret date night!**

The actress has found her new Mr Right Now – in her former flame!

Gird your loins, Hollywood hunks, because Angelina Jolie is back to her man-eating ways!

Yep, following her shock split from soon-to-be-ex-hubby Brad Pitt, the single and ready to mingle actress jumped straight back onto the dating scene, enjoying a string of low-key dates with both Johnny Depp, 53, and Tom Cruise, 54.

But with the spark failing to ignite with either A-lister, we hear Ange's now turned her full attention to a former flame – Mr Jared Leto!

The pair had a fling while filming *Alexander* in 2004, just before Brad came onto the scene, and Ange was apparently "crushed" when it ended.

But ever since she blindsided Brad with divorce papers in September, the two-time co-stars have apparently been blowing up each other's phones – and were recently even spotted enjoying a secret dinner date at Chateau Marmont in West Hollywood!

"One of the first people Ange heard from [after her split] was Jared. He called her to make sure she was OK, and over the next few weeks they spoke a lot," a source tells *Heat* magazine. "Jared is putting

the smile back on Ange's face. They have stayed friendly all these years and they've always had chemistry."

Indeed, it was their "electric" chemistry that had Brad seeing green back in 2014 after Ange, 41, reportedly organised a meeting with her former *Girl, Interrupted* co-star.

Sources say she wanted to discuss the possibility of them working together again after Jared, 45, impressed her with his Oscar-winning performance in *Dallas Buyers Club*.

"Brad is crushed that Angie is making another play for Jared, who has a well-earned reputation as a lady-killer," a source told the *National Enquirer* at the time. "And when Brad tried to give her an ultimatum, telling her to back off with Jared, she just thumbed her nose at him."

While nothing ended up happening between them – professionally or personally – it's not surprising that Brad, 53, was worried Ange might have been tempted to cheat on him.

She and Jared – who's dated the likes of Scarlett Johansson, 32, Cameron Diaz, 44, and Ashley Olsen, 30 – are pretty much a perfect match.

"Jared is carefree and a little bit crazy – which is so Ange's type," adds *Heat*'s insider. "He's also a campaigner for LGBT rights and works with a number of charities, just like Ange."

And now that she's a free woman, there's nothing stopping her and Jared from pursuing each other again... guilt-free!

"She's in no rush to get serious, not while she's going through this messy divorce and trying to get sole custody [of her and Brad's six kids]," reveals the insider.

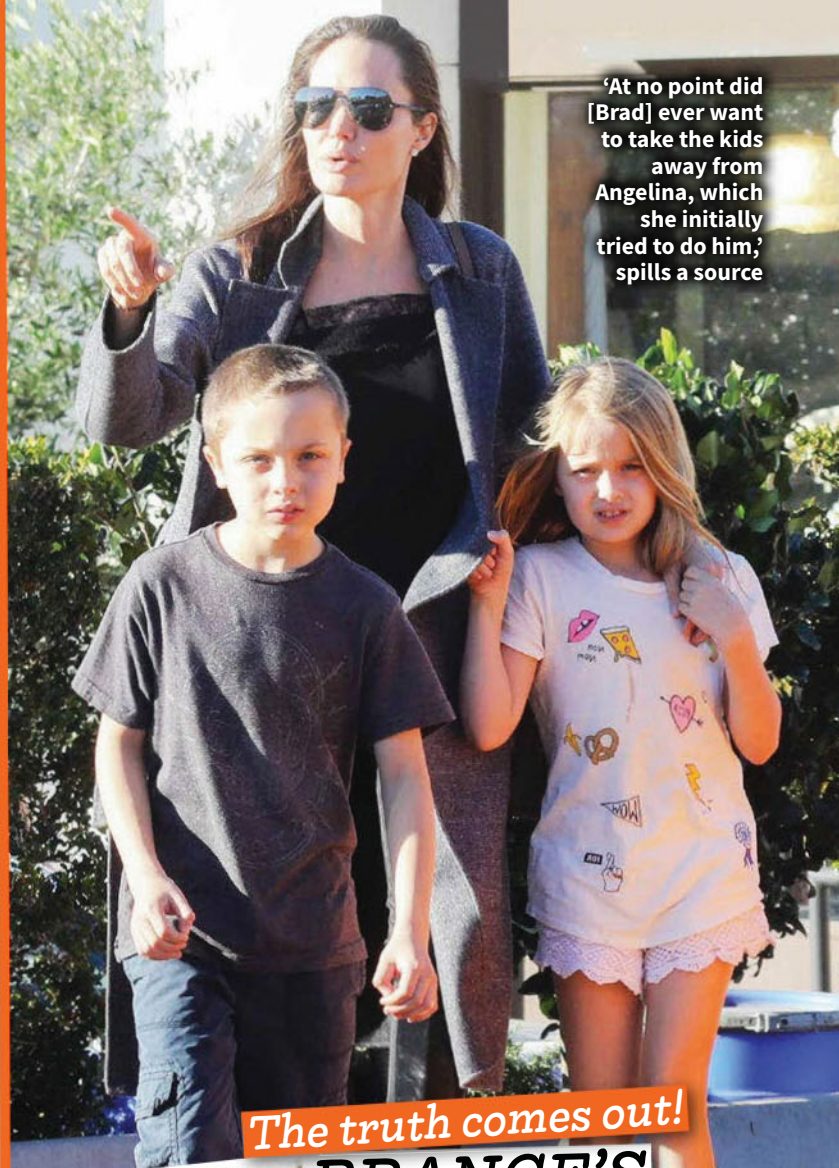

"But Jared's really lifting her spirits.

He isn't looking for commitment, either, and that makes him perfect for Ange right now." ■

Ange has been linked to both *Alexander* co-stars Jared and Val Kilmer

'At no point did [Brad] ever want to take the kids away from Angelina, which she initially tried to do him,' spills a source

The truth comes out!

BRANGE'S EXPLOSIVE DOCO

Celeb biographer Ian Halperin is set to reveal the truth about Ange's separation from Brad in a scathing new documentary, so it's no wonder the actress looked tense as she ran errands in Malibu on January 28 with her twins Vivienne and Knox, eight.

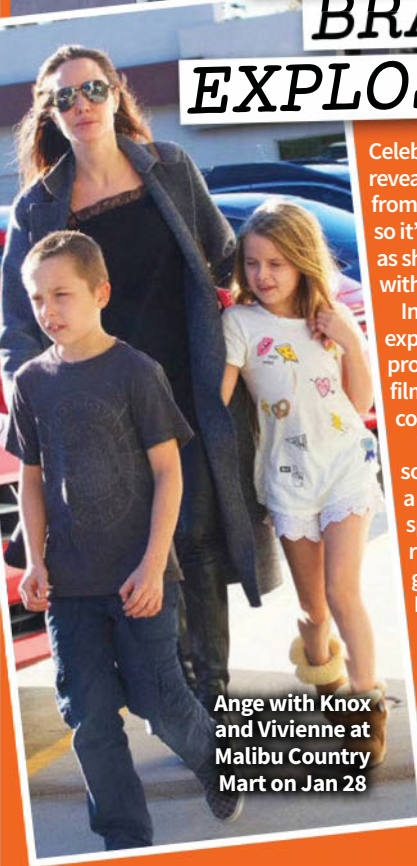

Indeed, a source claims that the exposé – which is in the early stages of production – will be the "definitive" film about Brangelina, covering "every cough and spit of their relationship".

We also hear Ian's biggest finding so far is that the pair actually separated a year before they announced their split in September, disputing initial reports that it was down to Brad getting physical with their eldest son Maddox, 15, during a flight.

An insider tells *NW* that the doco will also make shock claims that Ange is still self-harming, and examine how she manipulated her public image from drug addict to "Saint Angelina".

"This is the last thing either she or Brad needs," says the insider.

No kidding!

The women of Hollywood unite to take down the man dubbed the 'worst' US president ever!

Last month, a fired-up Madonna ranted, "I'm not your bitch... Don't hang your s**t on me... Donald Trump, suck a d**k," as she joined long-time anti-Trump activists Amy Schumer, Lena Dunham, Lady Gaga and Katy Perry at the Women's March in Washington, DC.

Yep, on January 21 – just one day after Trump, 70, was sworn in as the 45th President Of The US – more than four million women, men and children worldwide took to the streets to denounce policies regarding human rights, women's rights and LGBTQ rights. And Hollywood's leading ladies were in the thick of the ongoing protests.

In fact, America has never seen such a passionate political uprising as the one that started when President Trump took over the White House.

And for Tinseltown's biggest female players, fighting against Trump isn't just about equality and politics – they've

been personally attacked too!

After all, in the years leading up to

his election, the chauvinistic billionaire has been notorious for his outright bullying of Hollywood women with unwarranted sexist remarks and nasty digs taking aim at everything from their weight and appearance to their career choices.

Now, with their rage only escalating since Trump became Leader Of The Free World, Hollywood's famous females aren't standing for it anymore.

"The Women's March was just the beginning for many of these celebs," an industry big-wig tells NW. "They're on a mission to bring Trump down. And there's no chance of them stopping any time soon, given what he's done to them for so long."

Indeed, former US *People* writer Natasha Stoenoff, 34, recently shared her story of allegedly being assaulted by Trump, while *Entertainment Tonight* host Nancy O'Dell, 50, was outed as the journo Trump referred to in a leaked 2005 tape in which he bragged, "I did try and f**k her. She was married."

As for *Girls* star Lena, 30, she reckons her phone was hacked and that she received threats and abuse due to her very public support for Trump's rival candidate Hillary Clinton, 69. Among the attacks? She was sent images of aborted fetuses and called a "fat whore". Yikes!

Then, when Lena announced she'd move to Canada if Trump was elected, he replied, "She's a B-actor. You know, she has no, you know, no mojo."

in 2009 when she appeared on his show *Celebrity Apprentice*.

"[He] wanted to just get rid of her. He called her a 'piglet'," an editor who worked on the show recalls, while another on-set source confirmed the incident, dishing that Trump wondered why they got "the ugly Kardashian".

But if Trump did favour her big sister Kim, 36, it didn't stop him body-shaming her when she fell pregnant in 2012.

"I don't think you should dress like you weigh 120 pounds [54kg]," he mused.

He's also been on Kristen Stewart's case, effectively slut-shaming the actress, 26, for cheating on her then-boyfriend Robert Pattinson, 30, in 2012.

Angelina Jolie, 41, has copped it, too, with Trump ridiculing her for being with "so many guys", and sniping, "She's not [a] beauty, by any stretch of the imagination. I understand beauty... I own Miss Universe."

No doubt those words were on Ange's mind last week when she launched a passionate attack on Trump. In an opinion piece for the *New York Times*, the humanitarian slammed his immigration policy – which saw him ban refugees from several Muslim-majority countries entering the US for 120 days, and Syrian refugees indefinitely – and declared it to be based on fear, not fact.

'I've taken

I like girls,'
says Gaga

Gaga's crushing hard on K-Stew!

She's telling her
there's only
You And I!

Watch out, Stella Maxwell – it seems Lady Gaga is, er, gaga for your girl Kristen Stewart!

Following her *Bad Romance* with ex-fiancé Taylor Kinney, *NW* has learnt that the singer's given men the flick for the foreseeable future to re-embrace her bisexual side.

"Gaga's having the time of her life," shares an insider. "She's been hanging around the lesbian scene in Hollywood, but she isn't just looking to play around with women – she wants a girlfriend."

And K-Stew's at the top of her wish list! Yep, we hear *Mother Monster* has been crushing hard on Kristen "for years", but by the

time the *Twilight* star started openly dating girls, Lady G was already serious with Taylor, 35.

"If Taylor hadn't come along, Gaga would have pounced on Kristen!" dishes the pal.

But she seems to be making up for lost time, pulling out all the stops to lure K-Stew away from Victoria's Secret Angel Stella, 26.

One example? Well, Kristen's really into guitars, so sources say Gaga, 30, sent her a vintage Fender electric worth more than \$10,000. Kristen, 26, couldn't help but get in touch to say thanks – and they've been talking and texting ever since!

And while K-Stew and Stella seem smitten after just a month, the insider says Gaga could get her chance sooner rather than later, given

Kristen's history of jumping from girl to girl.

After all, in just 12 months, she flitted from Alicia Cargile, 26, to French muso SoKo, 31, and back to Alicia. Then, after a quick fling with singer St Vincent, 34, she hooked up with Stella.

Now, Gaga's counting on K-Stew getting restless again.

"She feels she and Kristen have got

all the right things in common to make it work," spills the source.

"Kristen's definitely interested and is totally encouraging her."

Yikes! Stella who? ■

THE OTHER WOMAN

Gaga still faces some serious competition in Stella! She and K-Stew looked super cosy as they held hands at Knott's Berry Farm theme park in Buena Park, California on January 29.

Kylie's ORN- OVER

...and Kris is loving it!

Because in the mumager handbook, sex always sells!

Her rapper boyfriend Tyga declared back in 2015 that she was “more mature than most adults” – but these days, Kylie Jenner is more adults-only!

Yep, while she was once the quiet, plain baby sister of the Kardashian-Jenner klan, the teen kween is pretty much sex on legs now.

From her pout kept plump by regular lip fillers to that ramped-up rack and barely-there wardrobe, Kylie, 19, has slowly but surely been transforming her face, body, brand and overall image.

And we hear there's just one end goal on Kylie's mind – taking big sister Kim Kardashian's place as the sexiest sibling.

“Have you *seen* Kylie lately? She looks like a full-on porn star,” says a family insider. “That girl's all woman and she's not afraid to show it! She's so much like Kim, but in many ways she's more out-there than Kim's ever been.”

Well, minus *that* sex tape – but some insiders aren't ruling one out!

Indeed, with Kim, 36, scaling back her flashy image as she carves out a lower profile post-Paris attack, we hear matriarch Kris Jenner, 61, has groomed Ky to take Kimmy's spot as the fam's resident sex kitten.

“She's encouraging Kylie to do as many sexy photo shoots as possible,” reveals an insider.

“Kris always sees her daughter's

bank accounts skyrocket the second they start flashing some skin.”

Of course, it's no surprise that Kris appointed Kylie as Kim's successor. With Kourtney busy raising her family, Khloe wrapped up in her love bubble with NBA star Tristan Thompson and Kendall focused on her serious modelling career, Kylie was the obvious choice.

What's more, she's already proven how valuable she is to the family empire, with *Forbes* magazine recently naming her the second highest-earner in the klan – after Kim, natch. Want to put a figure on that? Well, Ky made almost \$24 million in 2016 alone. That's a whole lot of Lip Kits!

And there's no doubt Kylie is all for her mum's plan to make her the new Kim, given she's admitted numerous times that Keeks is her idol.

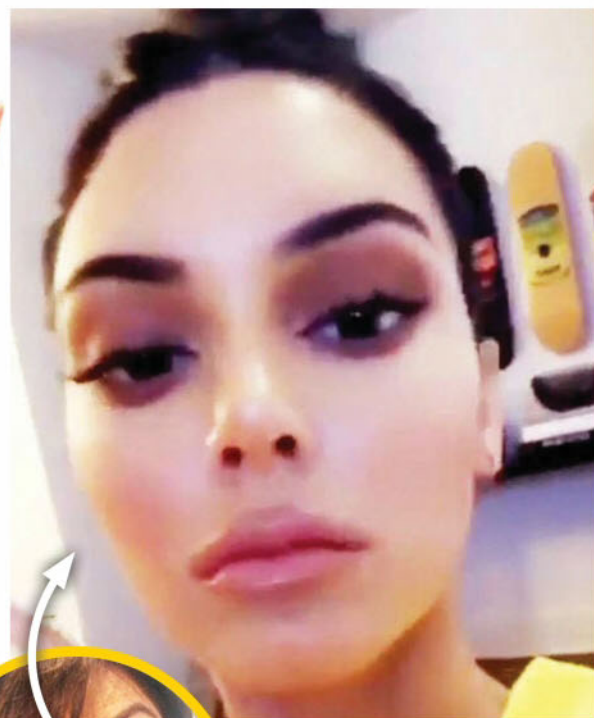

“I do want to be Kim. She's one of my biggest inspirations,” she told fans in a video on her app last year. “That's not a secret. I look up to my sister.”

With that in mind, expect to see even more of Kylie – think skimpiest clothes, flashier cars and more PDAs with her boyfriend Tyga, 27.

“Kris sees Kylie as the one to bring the klan into a whole new era of stardom,” dishes the source. “She's spending hours in her office drafting a five-year plan for Kylie.”

And that plan includes nude photo shoots, appearances in sexy rap video clips and eventually a high-end lingerie line – modelled by Kylie, of course!

“Kris sees so much potential,” says the source. “It's possible Kylie could more than double her fortune within two years.” ■

Meanwhile...
Kendall's
morphing
into Kris!

Like mother, like daughter! With shocked fans commenting that Kendall Jenner is looking more and more like her manipulated mamma, cosmetic surgery experts reckon it's because the model's kopied Kris by going under the knife!

“I would definitely say she has been opting for lip enhancement with fillers,” says Mark Norfolk, clinical director at UK cosmetic clinic Transform. “[And her] nose does seem to have slimmed down, which could suggest a subtle rhinoplasty.”

But Kenny, 21, has lashed out at the suggestions, insisting that she's all natural and that it's just down to good genes.

“As a model, why would I have my face reconstructed? It doesn't even make sense,” she vented on her website last month. “It's crazy, because sometimes I feel like people just want me to lose.”

Take that, haters!

Emergency services were called on January 26, with neighbours worried about Mischa's erratic behaviour

She was filmed yelling about her mother being a witch and reportedly rambling about her dog Ziggy Stardust

NOW

THEN

Desperate A CRY FO

Alone, screaming and paranoid – inside the *O.C.* star's sad meltdown... and why she snapped!

She was once an It-girl with the world at her feet, but former *The O.C.* star Mischa Barton's small circle of friends are on high alert that she's careening back to rock bottom after she suffered a full-blown meltdown in the early hours of January 26.

A neighbour filmed a bleary-eyed looking Mischa – wearing nothing but a shirt and tie – hanging over the fence of her rented West Hollywood home

following her 31st birthday celebrations. The star, they say, was rambling incoherently about her mum Nuala being a witch and the world ending.

"Oh my God, it's over! I feel it, and it's angry!" she is heard mumbling in the video footage of the disturbing incident.

Emergency services responded to multiple calls of a possible "overdose" at around 7.15am, before Mischa was voluntarily taken to Cedars-Sinai Medical Center for a mental evaluation.

She was released the next day, and quickly claimed her "erratic behaviour" was the result of being spiked by a common date-rape drug during a night out with pals for her birthday.

"I was informed by [hospital staff] that I had been given GHB. After an overnight stay, I am home and doing well,"

she said in a statement. "Thank you so much for all the love. It means the world to me... we shall overcome."

But while Mischa is blaming her worrying breakdown on her drink being spiked, given her long history of mental health issues, arrests and time spent in rehab, sources say there's still cause for serious concern over her well-being.

Slippery slope

Mischa shot straight to the top of the A-list when *The O.C.* premiered in 2003, yet her fall from grace was just as speedy. Swept up into the Hollywood scene almost immediately and partying with the likes of Nicole Richie, 35, and Lindsay Lohan, 30, booze and drugs became a staple in her life.

"We thought, 'Work hard play hard,'" Mish said in 2013. "It was a train I could not get off of."

While she was arrested for a DUI, possession of marijuana and driving without a licence in 2007, Mischa truly hit rock bottom in 2009.

Her family staged an intervention after she passed out from taking anti-anxiety drug Xanax – which she claimed to need after wisdom tooth surgery – and she was placed on a 5150 psychiatric hold.

"It was a full-on breakdown. It was terrifying... I was never suicidal. I was just overworked and depressed," the troubled star later said of her stint in the psych ward. "I had been through the wringer."

'OH MY GOD, IT'S OVER, I FEEL IT AND IT'S ANGRY'

MISCHA'S DIRTY DIGS

Mischa's meltdown happened at the humble West Hollywood rental property she's been living in, after her mum kicked her out of her seven-bedroom Beverly Hills mansion. "There's no backyard, just a patio," says an insider. "She's hopeless at cleaning and tidying so it's pretty gross inside."

Mischa RHELP

Personal demons

After some tough times, it seemed like Mischa had finally come through the other side healthier and happier when she landed a spot on *US Dancing With The Stars* early last year.

But any hopes of waltzing her way back to the top were dashed when the judges and viewers slammed not only her dancing, but her diva antics.

"She took on *Dancing* to make some money and try to clean up her act but that didn't help," adds another source. "She ended up purposely getting booted off because she couldn't handle it... she hated the work involved and really wanted to keep partying."

Still, she managed to pocket a cool \$250,000 for her efforts, a cash injection she desperately

needed given her dire living situation at the time.

Yep, in May last year, *NW* revealed that Mischa had been living out of a suitcase in her car while sleeping on a friend's couch in the LA neighbourhood of Silver Lake.

"People might think she's turned her life around because she isn't falling out of nightclubs, but behind closed doors she's a complete wreck," a close friend said at the time.

While her *DWTS* fee could've helped get her back on her feet, she instead continued to live a high life she couldn't afford, splashing cash at luxe hotels and posh

Mischa then fell over and looked terrified as she screamed about the end of the world being near

restaurants in Beverly Hills and Bel Air.

"The last few years have been a living hell for Mischa, but she still acts like everything is fine," adds the insider.

No surprises then that her \$10 million home in Beverly Hills – which her estranged

mum Nuala lives in – went into foreclosure in September, with Mischa having fallen nearly five months behind in mortgage repayments.

What's more, Mischa and her mum – who was her manager for 20 years – haven't spoken since July. That was when their

two-year legal battle escalated from the actress claiming Nuala stole millions of her earnings, to claiming she'd kicked Mischa out of her home and even tried to stop her selling it.

But sadly, it seems Mish's most recent meltdown hasn't brought them back together.

"I'm sorry, I don't know anything," Nuala replied when asked about her daughter's latest episode.

Wake-up call

With her life going from bad to worse, sadly, the future doesn't look bright for Mischa.

"She has been on this downward spiral for years now," the source continues. "Every attempt she's made to get healthy has failed."

Indeed, just when it seems she's gotten her life on track, another setback presents itself.

"I was with her a few times in the past year or so. One time she was at a dinner party and doing mushrooms!" the insider adds.

Her destructive behaviour continued two weeks later at New York bar Cabin Down Below, where she was busted allegedly "smoking pot and doing coke".

"She was openly using her hand to snort coke off," adds the insider.

But will this most recent incident be the wake-up call that Mischa so desperately needs?

Her friends sure hope so.

"Every time she attempts any sort of comeback she ends up shooting herself in the foot," says the pal. "It's not just the partying, either. She struggles with depression and she self-medicated with the partying, so when she hits bottom, she hits it hard." ■

Nicole vows 'I'll save you Mish'

As Mischa continues to spiral, *NW* has learnt that her old party pal Nicole Richie has vowed to get the actress back on the straight and narrow.

"It breaks her heart seeing Mischa this way," spills an insider.

"She's not sure if she'll listen to her at all, but she did feel she had to reach out. She feels somewhat responsible for the way she is now – they really partied hard back in the day."

But despite reformed party girl Nic's best intentions, it may be too little too late.

"The only answer is rehab," continues the insider.

MONDAY
AFTER MARRIED AT FIRST SIGHT

This week's **BIG** QUESTIONS

Madge sticks her tongue down Drake's throat at Coachella back in 2015

1 WERE MADONNA AND DRAKE SECRETLY DATING?

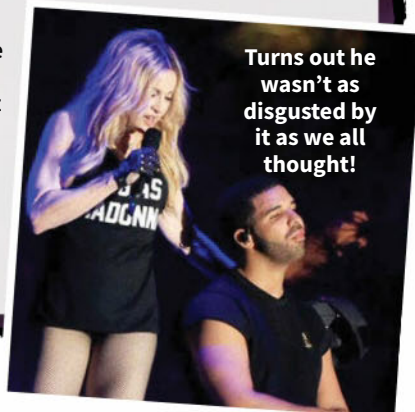

When Madonna pulled Drake up on stage at Coachella back in 2015 and planted a wet one on him, we thought it was just more of her OTT antics, à la *that* Britney and Xtina kiss in 2003. But apparently there was much more to it...

Yep, last week it was revealed that Madge, 58, and Drake, 30, were actually hooking up for real in the weeks leading up to their shock snog at the California music festival!

"Everyone in Madonna's circle was aware there was a brief fling," a source tells UK paper *The Sun*. "They knew it wasn't going to last forever [but] there was a massive attraction between them."

At the time, fans thought Drake looked repulsed by the public pash, but he later tweeted, "Don't misinterpret my shock!! I got to make out with the queen Madonna and I feel [100-point emoji] about that forever."

Not sure how his current cougar Jennifer Lopez, 47, will feel about that...

Turns out he wasn't as disgusted by it as we all thought!

2 WILL FAMILY FEUDS RUIN OLIVIA'S BIG DAY?

Wedding plans are thought to be under way for *X-Men: Apocalypse* actress Olivia Munn, after she was spotted wearing a new ruby-and-diamond sparkler on *that* finger while out in Beverly Hills on January 28. Congrats, girl!

But while Olivia, 36, should be over the moon about tying the knot with her footballer beau Aaron Rodgers, insiders say the rumoured engagement has been marred by his ongoing estrangement from his family. And the fact they hate Liv!

"His family told him they didn't trust her and thought she wasn't with him for the right reasons," a source tells *Us Weekly* magazine of the long-running feud. "That made him furious, and he ended up choosing Olivia over his family."

Indeed, the NFL quarterback, 33, hasn't spoken to his younger brother Jordan, 28, since they had a major blow-up two years ago – around the same time Aaron started dating Olivia.

Putting even more of a dampener on any nuptials news is the fact that the Rodgers family adore Jordan's fiancée JoJo Fletcher, 26, whose heart he won on *US The Bachelorette* last year.

"There's no question they've welcomed JoJo with open arms," says an insider. "But Olivia's trying to not act too cut up about it. She says the only one she needs is Aaron."

Jordan and JoJo (second and third from right) with the rest of the Rodgers fam on a recent road trip

3 ARE BELLA AND GIGI SPOILT BRATS?

While they're raking in millions thanks to their supermodel status, it turns out nobody gave Hadid sisters Gigi, 21, and Bella, 20, a lesson in finance.

Yep, whispers are growing that the genetically blessed duo are totally blasé about the value of money.

"Bella hates dealing with laundry, so she throws away bags of dirty socks and underwear every few weeks," a source tells *US OK!* magazine. "And the last time Gigi had a dinner party with Zayn [Malik], she tossed all the dishes because she didn't want to deal with the mess."

Sounds like these two have more dollars than sense!

Aaron and Liv started dating in May 2014

4 IS GWEN HEADED FOR HEARTACHE?

We hope not! While we're used to their constant PDAs, things are said to be cooling off big-time for

Gwen Stefani and

her rumoured fiancé Blake Shelton amid claims they're not spending any time together!

Indeed, while an insider says "they're supposed to be finalising their wedding plans", Blake, 40, is instead jetting off on his Doing It To Country Songs Tour, which kicks off mid-February and possibly won't finish until September.

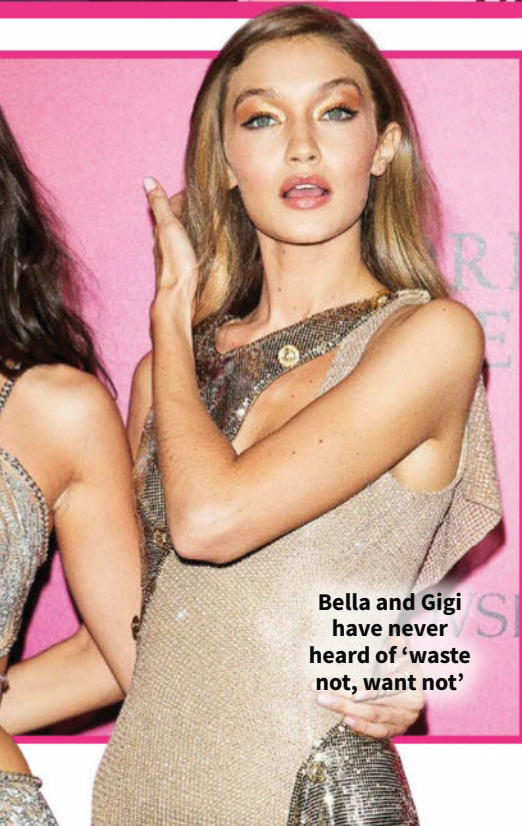

And it's got his bride-to-be, 47, freaking out.

"Gwen offered to go with him but he insists she would just be bored," adds the insider. "She can't help but feel as though he's trying to get away and have a break from her for a little while."

Well, you know what they say, Gwen – absence makes the heart grow fonder!

Gwen will be flying solo once Blake heads off on tour on February 23

Bella and Gigi have never heard of 'waste not, want not'

5 IS JOHNNY GOING BROKE?

It's not a good time to be Johnny Depp! Not only did his reputation suffer after his ex-wife Amber Heard, 30, accused him of domestic violence, but he's now in financial strife, too! Reportedly struggling to sell his massive French estate for a quick-fix cash injection, the star claims his former business managers, brothers Joel L. and Robert Mandel, stole "tens of millions of dollars" from him.

"He's rich on paper, but he's cash poor and needs to unload some of his houses," says an insider.

But the Mandel brothers have denied Johnny's allegations, insisting the actor's financial strain is down to the actor recklessly spending \$2.6 million a month – with \$40,000 on wine alone!

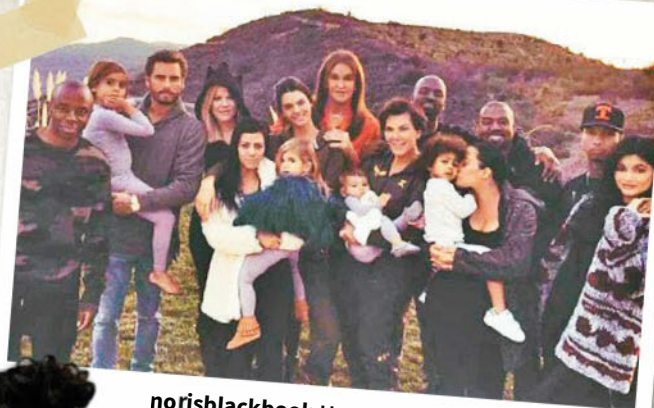

They even claim they lent Johnny, 53, \$6.6 million in 2012 so he wouldn't default on a bank loan, which they say he still hasn't paid back!

Johnny filed a \$33 million lawsuit against his former business managers on January 13

The rise of the SUGAR MAMMA

Mariah Carey & Bryan Tanaka

Her Age 46. Worth \$689 million
Him Age 33

Carole Radziwill & Adam Kenworthy

Her Age 53. Worth \$66 million
Him Age 30

Here's to you, Mrs Robinson! NW raises a glass to the new breed of ladies turning power on its head!

You could say that Madonna paved the way for celeb cougars back in the noughties, when she first started parading her much-younger lovers around.

And since then, A-list women of a certain age have been *very* open to acquiring a toyboy!

But recently, the dubious title of "cougar" has been (refreshingly) tossed aside in favour of something a little more empowering – the sugar mamma.

Yep, successful, career-driven women with multi-million-dollar fortunes to their names are now the ones providing for their chiselled-but-relatively-cash-strapped younger fellas.

Talk about a welcome change of pace!

And the latest star to jump on the sugar-mamma bandwagon is none other than diva Mariah Carey. After being dumped by her billionaire fiancé James Packer, 49, last October, Mimi – who's worth a not-so-shabby \$689 million herself – wasted no time starting a red-hot new romance with her back-up dancer Bryan Tanaka, 33.

But what's got these alpha females confidently giving the traditional Hollywood sugar daddy stereotype of older man/younger woman a shake-up?

"[They] want to feel rejuvenated," New York psychotherapist Dr Gilda Carle and author of self-help book, *Don't Lie On Your Back For A Guy Who Doesn't Have Yours*, tells NW. "[Unlike older men] young men have less physical ailments, less complaints, and like a lot more sex. But it's more than sex – it's their vitality and interest in life.

"If a young man appreciates an

older woman, the woman feels like she's on cloud nine."

Age is just a number

Indeed, the fact that they were born in different decades to their hunky arm accessories barely registers with these A-list babes.

"You find who you fall in love with in life. If they happen to be a certain age, they happen to be a certain age," says Kris Jenner, 61, who started dating Corey Gamble, 36, in 2014 after ending her 22-year marriage to Bruce Jenner, who has since become Caitlyn, 67.

Dr Carle believes that it's a woman's ability to see beyond the age gap that allows these stars to get physical, spiritual and mental satisfaction from their often controversial romances.

"When people are really connected, they have such a great bond," she reveals. "The most important thing is each of them has the other's back. They watch out for the other... and that transcends age."

But, more importantly, for *The Real Housewives Of New York City* star Carole Radziwill,

being with a younger man means less baggage.

"It's nice to be with someone who hasn't been through like 10 really bad relationships, or divorce," Carole, 53, says of boyfriend Adam Kenworthy, 30, who she's been dating for two years. "There's something kind of new and fresh."

Sorry, not sorry

If a woman is feeling self-conscious about her age, then Dr Carle says dating a younger man is going to bring her down, "because he'll accentuate the age difference just by being with her".

However, if she sees him as a partner and an equal despite their age gap, their relationship has the potential to really go the distance.

Just ask Sam Taylor-Johnson. *The Fifty Shades Of Grey* director, 49, couldn't care less what people think of her stronger-than-strong four-year marriage to Aaron Taylor-Johnson, 26 – who

she directed in the 2009 flick *Nowhere Boy* and has two daughters with – Wylde, six, and Romy, five.

“[I] tell them to f**k off!” she says of the haters. “If you love someone, you love someone. It doesn’t matter – age, colour, c’mon!” Go, girl!

It’s a sentiment shared by Madonna, 58, whose younger bed buddies over the years have included dancers Jesus Luz, 30, Brahim Zaibat, 30, and current beau, African model Aboubakar Soumahoro, 25.

“I have lovers who are three decades younger than me,” the mum-of-four unapologetically boasted recently. “This makes people very uncomfortable.”

Got it made

But given the judgment that comes with dating a woman who could easily pass as their mother, what do these younger lads get out of the romance?

According to Dr Carle, they greatly appreciate that an older woman isn’t into playing games – and is emotionally aware of what she wants.

“They are flattered and they feel they’ve come up in the world,” Dr Carle tells NW. “And they don’t mind accepting her money to go places and having her pay for things.”

That sure seems to be the case for Rupert Murdoch’s ex-wife Wendi Deng’s new boyfriend Bertold Zahoran, 21.

Indeed, instead of clubbing with his mates like a typical 20-something, he’s with Wendi, 48, in St Barts and playing stepdad to her daughters Grace, 15, and Chloe, 13.

But while it seems they’re dating a walking ATM, Dr Carle reveals it can be tricky for guys to accept the fact that they’re not only attached to a sugar mamma,

Kate Moss & Count Nikolai von Bismarck

Him Age 29

but a high-profile woman.

“The guy has to be pretty secure and understand she’s going to get attention,” she says. “He’s going to bask in her shadow, usually.”

“He’s got to recognise she’s earned the right to have all this attention.”

Sisters doing it for themselves

But according to dating coach and behavioural psychologist Jo Hemmings, living in a youth-driven world puts pressure on older women to “reinvent themselves, to ensure they’re being current and still relevant”.

“One way to get this validation – to hold onto their prime and to prove they’re still desirable – is to be seen with someone much younger,” she adds.

This could explain Kate Moss’s romance with Count Nikolai von Bismarck – who, at 29, is 14 years her junior – and Kylie Minogue and her fiancé Joshua Sasse, 29.

“I’ve had a lot of really great relationships – and I don’t have any regrets,” Kylie, 48, says.

And while their romance was last week rumoured to be strained amid talk of Josh’s wandering eye, his age may not be solely to blame.

“These couples have looked beyond the age gap and never considered that to be an obstacle,” Dr Carle says.

Hey, whatever makes you happy – eh, girls?! ■

Julie Bowen

The *Modern Family* star is bang on trend in this sheer embroidered J. Mendel dress. We think its well-placed lining also deserves an award...

Ariel Winter

Julie's *Modern Family* co-star also turns heads in this gorgeous sheer, sequined Mikael D gown, featuring a fishtail shape that flatters the young star's curves. Stunning!

Salma Hayek

Summery hues and bold applique details continue to be a big hit on the red carpet – and Salma embraces both in this pretty buttercup-yellow Gucci gown!

How Brit got her BEST-EVER BOD AT

Yoga, interval training, swimming – she puts in the work, bitch!

Oops, Britney Spears is dropping jaws again. Yep, the singer's rocking the fiercest rig of her life at 35, after amping up her workout routine and cutting back the Cheetos!

"One of the things about her that stands out is she doesn't have it in her head that she

wants to be thin," reveals her trainer Tony Martinez. "She just wants to be healthy... She doesn't want a stick figure. She likes her athletic body... She feels good about her body."

What does she do?

As those washboard abs attest, Brit puts in the time doing a variety of exercises.

"I'm doing 90 minutes of yoga, twice a week, in addition to a lot of cardio – hour-long sessions, three times a week with my trainer," reveals Brit, who also does high-intensity interval training (HIIT) at Drenched Fitness in LA. "I run a lot, I swim, and I dance a lot, too..."

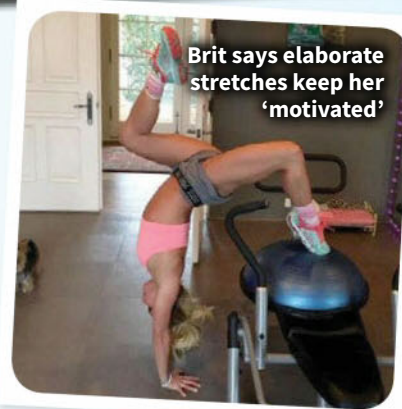

We had three hours in rehearsals yesterday."

And it's this combo of cardio and resistance training that keeps her toned and in the fat-burning zone – a handy place to be for someone who says *Gimme More* to cheat days!

What does she eat?

"Dieting is tough because my specialties are spaghetti, brownies and chocolate-chip cookies," says Brit. "I try not to make those too often or I'll eat the whole bowl of dough."

As well as trying to keep the house free of junk food, she also steps up her training whenever she overdoes the sweet stuff. "After Cheesecake Factory you do this," the stunner wrote on Instagram alongside a video of herself

walking on a treadmill while raising light weights over her head.

But on those non-cheat days, the mum-of-two keeps her diet super clean, ensuring she gets lots of protein and fibre thanks to eggwhites on wholemeal toast in the morning and sushi at lunch.

As for her sweet tooth, Brit says she satisfies her cravings with fruit, "especially peaches".

Read on for a full rundown of her daily nosh, and find out how you, too, can tweak your diet to make it shine...

BREAKFAST

LUNCH Sushi with crab, prawn and avocado

DINNER Tomato and mozzarella salad with basil and blueberries

SNACK A piece of fruit

When you look this hot, why wouldn't you show it off on the beach like Brit?!

YOUR Stars

The week ahead with **Adele Lang**

Aquarius JAN 21 – FEB 19

You can't expect miracles at work or play given the Moon is now in Leo – your opposite sign. Instead, use the next seven days to enlist support for your long-term life goals. As much as you might loathe selling yourself to other people, networking of any kind will help you on your way.

Taurus APRIL 21 – MAY 21

Mercury's movements signal a surprising financial offer that might make you suspicious at first. While no Taurus likes to look a gift horse in the mouth, the fine print needs scrutinising. Generous gestures from family members could be more trouble than they're worth.

Leo JULY 24 – AUG 23

Try not to alienate the people you depend on the most. Pluto's presence suggests you're in danger of coming across as arrogant. If a partner, parent or pal starts making noises about your high-handed behaviour, it's probably time to rein it in.

Scorpio OCT 24 – NOV 22

A loved one might experience a life-changing event this week. Although this could curtail your travel plans, do whatever you can to stay in physical touch. Social media is all well and good, but it won't compensate for hugs and kisses at a time when they're needed most.

Pisces FEB 20 – MAR 20

Long-standing health issues should be addressed sooner rather than later. Your New Year's resolutions might have fallen by the wayside over the past few weeks, but it's not too late. Stellar alignments at this time mean you're less likely to dump diets, detoxes and exercise plans.

Gemini MAY 22 – JUNE 21

A blast from the past might make you nostalgic, but don't let it interfere too much with what you have now. Any appearance from a former friend or an old flame will be temporary, so there's no point in trying to include them in the life that you've built since they left you.

Virgo AUG 24 – SEPT 23

Someone you love is moving away and you're not dealing well with the news. Remember, absence can only make the heart grow fonder if the person leaving you departs with good memories. Be positive and upbeat. And mean it when you say you'll keep in touch.

Sagittarius NOV 23 – DEC 21

Neptune is determined to forge better relationships with a parent or a sibling through spiritual pursuits. If church-going isn't your bag, then maybe bonding in a yoga class might appeal more. You could also consider joint counselling to help soothe two troubled souls.

Aries MAR 21 – APRIL 20

Planetary patterns caution against acting on impulse over the next week. Yes, you might be stuck in a rut, but trying to shake things up won't work in your favour right now. Think about ways you can improve a job or a living arrangement, by all means. Just don't do anything rash.

Cancer JUNE 22 – JULY 23

Your ruler the Moon looks set to boost both your emotional strength and physical stamina. This bodes well for the rather challenging times you'll face in the near future. Tasks that might have been deemed too daunting should be taken on while you're in such great form.

Libra SEPT 22 – OCT 23

Now that Venus and Mars are no longer cramping your style, you should be plotting your comeback. Let's put it this way – there'll be no more loitering in the background at parties. Nor will you let a lover fall into the arms of another without putting up a fight. Welcome back.

Capricorn DEC 22 – JAN 20

Astro-trends point to a watershed moment ahead when it comes to romance. You've been refusing to see sense regarding a lover's wily ways – to such an extent that your friends and family have been throwing up their hands in despair. This week, they'll be giving you a round of applause.

Andrew hints at some major twists ahead on *The Walking Dead*

TV

SPOILER ALERT!

Rick rising

It's hard to imagine what *The Walking Dead* would be like without Rick (**Andrew Lincoln**) and Negan (**Jeffrey Dean Morgan**) constantly circling each other, but the tail end of Season Seven could see the end of Negan... for good. "There's a sort of freedom [in Rick], a feeling that comes from losing everything and also the thrill of the fight," Andrew hints. "He's back in. All I'm saying is the band is back together." And with Rick's force strong, Andrew tells us we can expect the final eight eps to be the exact opposite of what we've seen so far. "Wait until [the season finale]. I promise you there's one [part where] I dropped my script and started punching the air and did a little jig."

'The sex is even stranger'

A little nod to *Eyes Wide Shut*, guys?

Take. Them. Off. With those three words, Anastasia Steele (**Dakota Johnson**) lost her underpants – and we just about lost our minds!

Yep, *Fifty Shades Darker* has arrived – and it's cringier than ever. We left off with

Ana asking Christian (**Jamie**

Dornan) to show her how rough he can get – and after six spansks, Ana calls it quits.

But the most awks couple ever to hit the screen have rekindled their flame – and someone's ready to submit. But it's not Ana!

"Christian's more open, more willing to compromise for the woman he loves... Ana can make him a better person," Jamie says.

And Ana is making him a better person – in the lift, the shower, the playroom, the bedroom...

"Doing a sex scene is always strange, but especially if you start it clothed in the shower," spills Jamie.

And Dakota agrees, adding that it's, er, not as fun as it looks.

"I've been simulating sex for seven hours straight and I'm over it," she dished during filming. Well, we're not!

TALK

GIRL

Our fave foursome divulge their sexiest and most scandalous moments BTS of *Girls*...

Lena Dunham is sitting with her *Girls* cast ahead of its final season, recounting how her hit HBO show came together in 2012.

"I remember telling people we were doing the show, and they were like, 'Who's on it?'" Lena recalls as the cast laughs. "I was like, 'It's all of our first job, and we're all 24.' And everyone was like, 'Good luck.'"

Five years ago, no-one thought the girls of *Girls* – Lena (Hannah), **Jemima Kirke** (Jessa), **Allison Williams** (Marnie) and **Zosia Mamet** (Shoshanna) – would launch a cult series that shaped a generation.

While some compared it to *Sex And The City*, that couldn't have been further from the truth. Nope, *Girls* is a warts-and-all look at modern-day life for a group of 20-somethings.

"It's a show about four girls who come to New York to make their fortune and then realise this is not the *Sex And The City* world," Lena recently told *Glamour* mag.

"The apartments are tiny. The sex isn't sexy. It's just about what it feels like to be struggling and hustling and how impossible it feels and causes you to be not that nice to your friends."

Drama on set

The hustle translated off camera, as the girls dedicated

themselves to making the show a success and they, too, found themselves not being that nice to their friends.

"The least and most satisfying thing about my job was my relationship with Lena," reveals Jemima, who's been friends with Lena since they were both 11 years old. "It definitely caused us to get closer, and it caused us to fight."

Lena agrees. "I always felt like she was, like, six steps away from murdering me and I had to protect myself," she says.

It got so bad that three days before filming began on Season Two, Jemima threatened to walk.

"My sense of who I was and what I wanted was really thin. I wasn't really sure of what the f**k I was doing," she says. "Season Two was kind of traumatic for me. And I know that I was a bit of a tyrant myself."

Lena chimes in, "You said I had to get out of your dressing room or you were going to punch me, Jem!"

Sex scenes with the boys

Luckily, Jemima resumed her role as Hannah's spirited, sharp-

tongued best friend who has a penchant for breaking hearts, and by Season Five she was sleeping with Hannah's on-off beau Adam (**Adam Driver**).

"My best day was the day that I experienced what it's like to be [lifted] by Adam," Jemima laughs. "You know [the vault] in gymnastics? That's Adam. Like, you can just run and jump on it. It doesn't move, and it supports you fully."

Lena seconds that! "Adam Driver cradled me like a motherf**king baby for,

like, eight takes. And I won't lie, it felt good," she says.

"I also didn't mind being laid across a satiny bed by **Patrick Wilson** [whose character Joshua had a two-day sexcapade with Hannah] while he stared at me like I was a queen from heaven. I'm not immune to that s**t."

Making demands

While the cast admit they were well looked after, Lena has still faced her fair share of diva behaviour.

Christopher Abbott – who played Marnie's boyfriend Charlie – reportedly quit due to creative conflicts with Lena.

"The cast was the source of almost zero drama, with the exception of one very abrupt departure," Allison recalls.

While producer **Jennifer Konner** says they've "healed", Lena adds, "I feel the same as Al."

Minor dramas aside, the rest of the cast couldn't have been happier, especially Zosia, who's not quite ready to let go.

"Being sort of an orphan child, without parental figures, it was incredibly pleasant to be surrounded by human beings whose job on a daily basis was to take care of me," she says.

For Jemima, though, the perks materialised tangibly.

"I actually [pretended to be] my own publicist when I didn't have one," she laughs, revealing how she secured tables at restaurants and new clothes.

Moving to the big screen

As the sixth and final season unfolds, these ladies are feeling pretty emotional.

"I came to know this human that I created. And I love her. And now I miss her," Zosia says.

But she may not be parted with the lovable and awkward Shoshanna forever!

"I have fantasies of us all coming back and making a movie when we're 40," Lena adds.

And with that, we're left waiting.

Girls final season premieres 8.30pm February 15 on Showcase

'She s GI

We knew this whole living-in-one-apartment-block thing would end in tears!

Who said true love can't happen on *Married At First Sight*?

It seems one bride has indeed found her perfect match on the show this season – just not with the fella the experts set her up with! Awky!

Yep, when the lucky-in-love groom catches the wandering eye of the woman in question during an upcoming dinner party, she makes a move, ditching her groom to cosy up with the new guy.

"It was so uncomfortable for everyone at the table," explains an insider. "She was flirting outrageously with another groom – right in front of the guy the experts set her up with!"

We're told the pair cooled it in front of the cameras once they noticed their fellow guests' disapproval, but their display up to that point was more than enough to set tongues wagging.

Who's the flirt?

Cheryl, Nadia and Scarlett are all suspects in this *MAFS* mystery!

SCANDAL!

tole another RL'S HUBBY!'

"They were gagging to be alone," reveals an insider. "They decided then and there that they wanted to make up for lost time. It was all over their faces."

While the bride in question is yet to be ID'd, it's believed to be one of three ladies who are struggling in their new relationships – Sydney promotions girl Scarlett, hair salon manager Cheryl or flight attendant Nadia.

It's no secret Scarlett, 30, is finding her relationship with "the world's pickiest man" Michael, 30, challenging.

"We were on the dance floor [at the reception] when he lifted up my hair and said, 'Yes! She's got small ears!' Who says that?" she vents to *NW*.

And after Perth's notorious "Hollywood stripper" Michael dodged a question about what he actually does for a living, claiming he works "at a desk", Scarlett hints that her trust has been broken.

"I was really hurt he didn't tell me," she spills.

"There was this big secret he was sitting on.

"If you're a stripper and you're getting all that female attention, you would have plenty of opportunities to meet someone.

"And if you haven't, that's a warning sign to me. Like, hang on, you've met 2000 to 3000 women and none of them have interested you? Red flag!"

Peeps are pointing fingers at Cheryl, too, after witnessing her disastrous wedding day.

"Everyone knew from the get-go she was disappointed

to be matched with Jonathan," says one wedding guest. "It was plastered all over her face!"

Indeed, it's thought picky Gold Coast gal Cheryl, 25, couldn't get over the "height factor" or the girl from Jonathan's past ruining her day.

"I'm not willing to settle for just anyone. I usually feel a connection straight away with a partner, and going into this I feel like I knew I wouldn't," she tells us.

"If I don't feel an attraction early on in the experiment, I don't think it will work out. I just know when someone isn't right for me."

Meanwhile, eagle-eyed fans are convinced it's Nadia who gets flirty with someone else's groom, following a cringe-worthy wedding that saw the Queenslander refuse to kiss her match Anthony, 33, at the altar.

"There was no attraction there on her end," says an insider. "She's looking for The One, and if he was sitting directly across the table, then why wouldn't she go for it?"

And Nadia, 37, tells *NW* she'd have no qualms about walking away from her groom.

"I'd rather be single than settle for something not right for me," she insists.

We're totes feeling for the fellas right now!

RUNAWAY BRIDE LAUREN SPILLS

'I hated my wedding day'

Where the hell is Lauren? Andrew J seemed to win over the single mum, 33, but it was a different story behind the scenes, with his bride telling *NW* her big day was a chaotic mess.

"I hated my life on the day," Lauren spills. "I got my period on the day – I had to yell out to one of the producers. I got so bloated – I was in a dress that didn't fit properly. I was so stressed out!"

No wonder she split! But will Andrew's bride realise she's made a huge mistake and come running back? We wouldn't rule it out...

Andrew, 38, and Lauren's big day wasn't nearly as sweet as it looked

Will Lauren get her happily-ever-after?

Sneaking into Kris's bed!

Kris's ripped rig is causing a rumble in the jungle

Now that's one way to get a girl's attention!

"It was like the universe was listening to me and suddenly, in comes a single hottie with decent arms," Ash gushes.

"The girls, knowing that I'm single, have all sort of rounded me up [to talk strategy]."

Yep, with little else to do in the jungle except perv on the British model – aka the former Mr Dannii Minogue – insiders say love-struck Ash has become infatuated, fast!

"She started

asking the guys in the group to alter their sleeping arrangements so she could be closer to Kris," claims a crew insider.

And when they wouldn't budge, she apparently took matters into her own hands.

"She said she was just going to sneak into his bed," claims the source. "It is cold out there, so I guess she could use that as a legitimate excuse."

We would!

With Ash's eyes firmly fixed on her crush, the rest of the camp is getting tired of hearing about how smitten she is. And after she joked about making Kris, 38, an engagement ring, the others had had enough.

"Someone told her to keep it together. They were like, 'This isn't *Geordie Shore*, Ash,'" the insider spills.

It's believed the comment really got to the reality star, 31, who was already struggling with insecurities due to her having a lower profile than the other celebs.

"Nobody knew who she was when they first arrived at camp – it was awkward," explains an insider, hinting that Ash could even be on the brink of a jungle meltdown.

"She's really trying to keep it together. As it is, it's already tough out there, but now she feels ridiculed by her camp mates," dishes a source.

"She's trying to keep her spirits up – and with Kris studying to be a personal trainer, she may have found another way to release those endorphins and keep it together in Africa."

We can think of a better way...

DIVAS IN THE JUNGLE

They're already making demands

TZIPORAH MALKAH

Being out of the spotlight for so long is thought to have made the ex-model – formerly known as Kate Fischer – super self-conscious. "Every day she's asking for magazines and access to the internet to see what people are writing about her," says a source.

NATALIE BASSINGTHWAITE

Nat says her biggest struggle will be living without spray tans and is apparently nagging producers for twice-weekly top-ups. "She says she's going to dodge the camera until she's no longer pale!" adds the insider.

CASEY DONOVAN

According to an insider, the *Australian Idol* winner-turned-Uber driver is suffering Coca-Cola and cigarette withdrawals, and begging for someone to sneak some in. But that's not the weirdest part – an insider says she's heard about a Trump-related Uber boycott and "wants updates". "She needs to know her job's safe," dishes our source.

Someone please
call jungle security!

After telling *NW* she's on the hunt for a sexy, "funny and driven" single to keep her warm in the jungle, former *My Kitchen Rules* babe Ash Pollard has had her prayers answered – and she's wasted no time making her move!

Yep, the moment hunky Kris Smith entered the South African wilderness for *I'm A Celeb* – topless and dripping in muddy water, we might add – Ash started hatching a plan to make him her new cuddle buddy.

'Don't mess with me, I have a black belt in silly'

When you've gotta go, you've gotta go – right, **Justin Bieber**? It might look like Biebs is sheepishly exiting a portaloos with a pen in hand – hey, wherever songwriting inspiration strikes! – but it turns out he's just passing by as he leaves Mastro's Steakhouse in Beverly Hills via the back door!

MATTHEW & CAMILA

After being asked about hubby Matthew McConaughey in a recent interview, a source says Camila Alves “threatened to walk out if he was brought up again”. Uh-oh!

They said what?!

"My daughter looks like ET – I'm serious... I gave birth to ET."

Well, if anyone knows what the iconic alien looks like, it's his on-screen pal Drew Barrymore!

"I can tweet, cook and deep-throat all at the same time."

**MILLA JOVOVICH

Ruby MAKES LIP SYNC HER B*TCH!

Well, kinda... Hot actress of the moment Ruby Rose channelled her inner sinner – and saint! – for a recent episode of *Lip Sync Battle*.

Yep, the Aussie babe pulled out all the moves for Meredith Brooks's '90s anthem *B*tch*, then swung onto the stage for her rendition of Pink's *Raise Your Glass*. But it seems Ruby's efforts

weren't enough to beat her *Resident Evil: The Final Chapter* co-star Milla Jovovich – who won thanks to her hilare impersonations of Billy Idol and Eazy-E!

"I would [rather] take zombies any day," Rubes says, comparing the experience to filming the sci-fi action flick.

Hmm... Sounds like someone's a sore loser!

Girls, duh!

Yep, *Vanity Fair*'s annual Hollywood issue is finally here and boy – ahem, girl – is it fabulous!

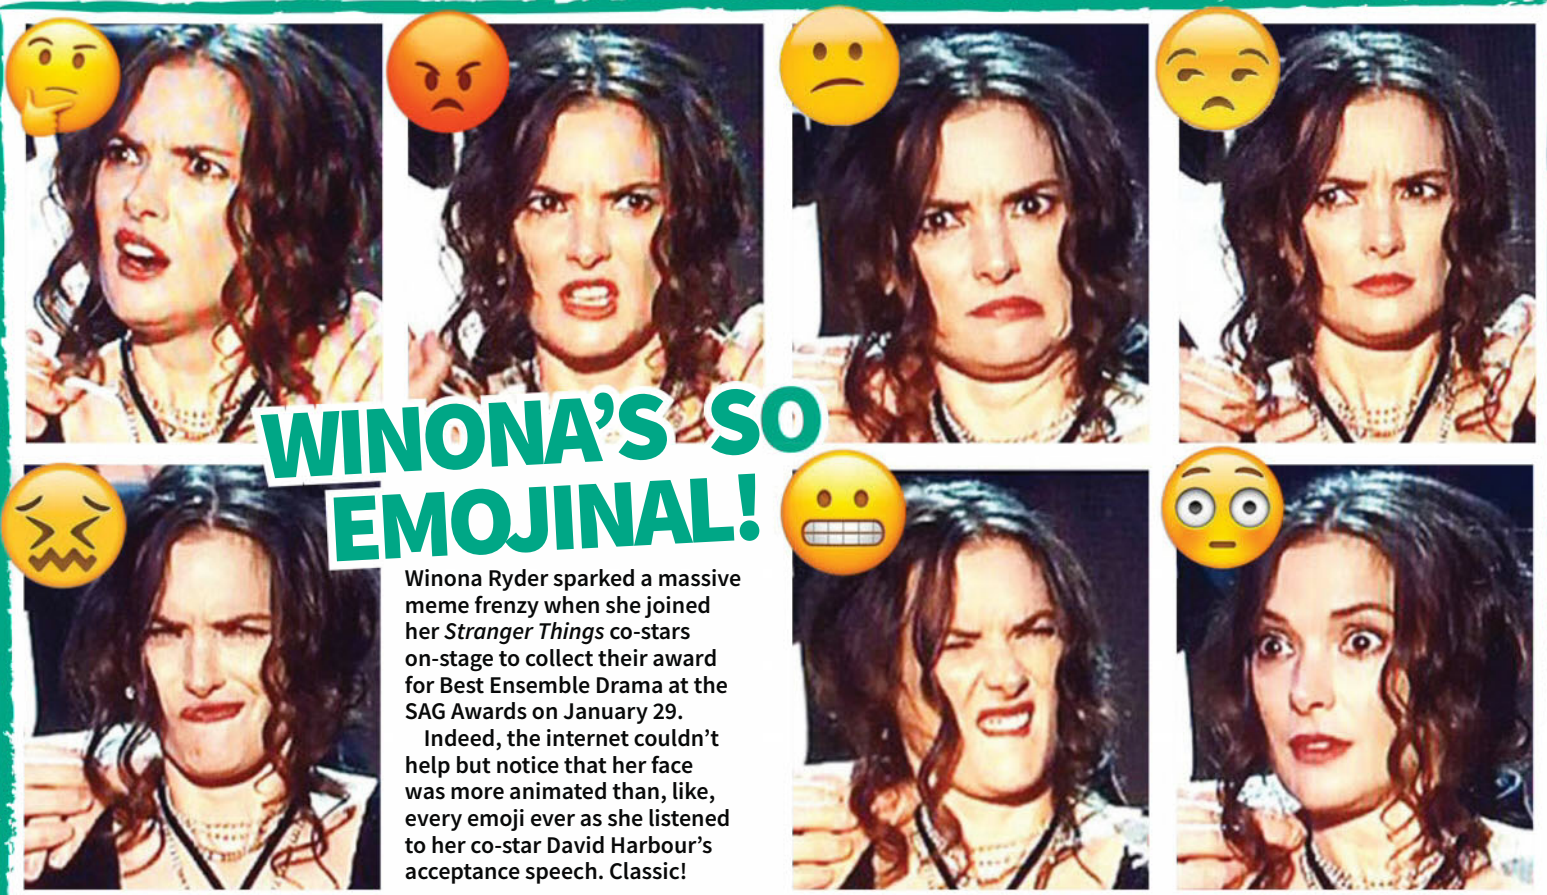

Iconic photographer Annie Leibovitz rounded up the year's hottest actresses to shoot the fold-out cover on location at the Paramount Studios backlot – so very old Hollywood! And Natalie Portman, Emma Stone, Amy Adams, Dakota and Elle Fanning, Dakota Johnson and their fellow leading ladies looked seriously glam in their Oscars-worthy couture.

But it wasn't all posing and pouting, with the A-listers also dishing the inside word on some of Tinseltown's biggest names.

"Ryan [Gosling] can eat more Twizzlers than anyone you've ever met," Em reveals of her *La La Land* co-star.

Good to know – we're stocking up, stat!

WINONA'S SO EMOJINAL!

Winona Ryder sparked a massive meme frenzy when she joined her *Stranger Things* co-stars on-stage to collect their award for Best Ensemble Drama at the SAG Awards on January 29.

Indeed, the internet couldn't help but notice that her face was more animated than, like, every emoji ever as she listened to her co-star David Harbour's acceptance speech. Classic!

"[I] absolutely fell in love with him," Mandy says of Shane, who played bad-boy Landon to her sweet-as-pie Jamie.

And she may get to rub shoulders with her childhood crush again, after confirming a reunion is in the works. "We're working on it!" she tweeted.

We're not sure how that's gonna work, Mands – you died in the original!

ONLY GOES Back to school

If the *NW*-ettes needed a reason to hit the books again, this is it!

Yep, Orlando Bloom joined the teaching staff at Cheadle Hulme High School in Manchester to teach a series of drama workshops for disadvantaged kids.

The Hollywood hunk helped them develop their speaking voice and confidence.

Well, if there's one thing Orly has in spades, it's confidence. After all, this is the guy who went paddleboarding in full, er, bloom last August!
